OF THE READERS...BY THE READERS...AND FOR THE READERS.

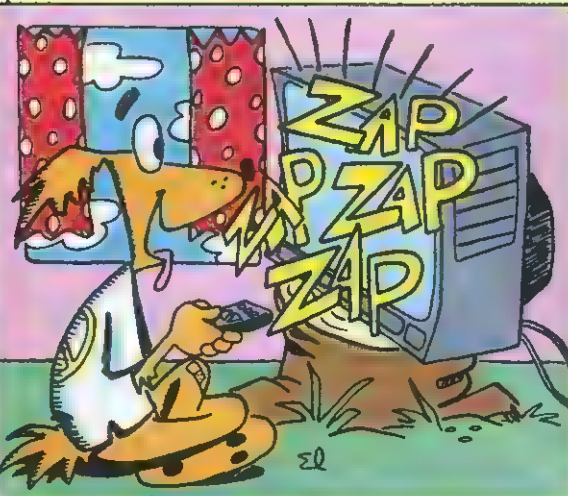

REPORTER

JACK-O-LANTERN

The jack-o-lantern originated with the legendary will-o-the-wisp. The will-o-the-wisp was a mysterious blue flame seen at night flickering over the marshes. When someone tried to approach it, the flame moved out of reach. Some believed that it was a rejected soul, but it was probably caused by the gases from decaying plants. In order to commemorate the will-o-the-wisp, people carved pumpkins and placed candles inside to produce the glowing effect.

TELEVISION

Television, otherwise known as TV, is a way of sending sounds and pictures through the air by electricity. TV works almost like an eye; the difference is that shows come from the stations through a transmitter into an antenna. They are changed back into electric signals and pass through the television. What you see happening on the screen is a picture of what is happening in the TV studio.

ARCHIE FANS! Every month, **ARCHIE CLUB MEMBERS** have their reports printed in my comics wherever the **ARCHIE CLUB NEWS** appears. Archie #407 is a milestone issue in the history of Archie Comics. For the first time, a whole issue will be created by the entire in-house staff, including our accounting, licensing and circulation departments! Now you're probably thinking, Why? The answer's easy--a free vacation. We've divided our employees into four teams who've each contributed a wacky story. You will be asked to vote on which team's story you like best. The winning team enjoys a **CLUB MED VACATION**, on the company.
